Exhibit at REHAB and be part of it!

As one of the leading trade fairs for **rehabilitation, therapy, care and inclusion**, REHAB is all about inspiration and showcasing technical innovations and solutions as well as services for improving the quality of life and participation of people with disabilities. Since 1980 REHAB Karlsruhe has been one of the most important trade fairs for rehabilitation, therapy, care and inclusion, and has established itself every two years as the most important platform for **high-quality mobility aids and children's aids** from Germany and other European countries.

Exhibitor voices REHAB 2023

This was our first time here at REHAB and we are pleased with the amazing positive feedback. We met a lot of therapists who were very interested in what our products are capable of. But our stand also attracted a lot of users.

Thomas Gast

Managing Director,
Össur Deutschland GmbH

We had an excellent event. Our stand was very busy and we had a lot of excellent discussions across the market with retailers, therapists, institutes and health insurers. We also spoke to many new customers, which is of course very important. We were extremely satisfied and will be back again in two years' time.

Stefan Schäfer

Managing Director and Head of Sales & Marketing DACH,
MEYRA GmbH

Time after time, REHAB is a vital meeting point for many important stakeholders in the market, including retailers, purchasing groups, therapists, health insurers, the press and political figures. It gives us the chance to speak to them all directly and in person. The busy scenes at our stand prove this. We look forward to using this platform in the coming years too.

Dr. Raphael Ujlaky

Vice President Sales,
Permobil EMEA

It was very important to us to present Ottobock at REHAB in Karlsruhe. We were able to present our broad range of NeuroMobility living aids to interested visitors, including many medical and orthopaedic professionals.

Alexander Hardt

Market Manager for NeuroMobility,
Ottobock HealthCare Deutschland GmbH
